When Sean Turner returns to his hometown for a visit he discovers something that you never expect. He comes across a small town with an eerie, deserted feel, and he doesn't see or hear a living soul. Instead, he finds a once-thriving city that is now a dark, lifeless oasis. As his investigation deepens, he learns that the town was once filled with people, but something awful happened there and now the place is in ruins. Sean tries to find his daughter, who has vanished during his absence and has to solve a multitude of puzzles in order to escape from the town and return home. But soon Sean realizes that the fate of his daughter is connected to something even worse than the tragedy that happened in the town, and that a very strange and frightening force has it in for him. And because of this, he is now up against an evil which has just entered our world and has it in for him. ABOUT DARK RABBIT: Universally acclaimed Gothic and adventure game RABBIT HARE: SHOCKING VISIONS OF THE CITY OF ANGELS was developed by Studio Milan. You play as a young boy named "Maxim." In this life you were able to control a fantastic battle robot, with a massive mechanical arm, a box on its head and a can of chicken. However, in the next life, you're given a new chance, to control a "Maxim" again, but this time better...Maxim of the Past, so you must guide this robot to "discovering" the world, clearing your memory, learning new and enhanced features and finding its way to the end of the game. That's so easy, isn't it? But beware, this robot is strong, and will try to eat everything he can find along the way, and you will need to be prepared for that! As a reward for clearing all the levels, you will be able to control a new robot. In addition, you can also find money and various items to help you along the way. There are over 45 levels of increasing difficulty, from simple tasks to an enemy filled labyrinth, where the robot will have to use everything he can to be able to go through. You can compare the score of your robot to other players and see if you can become the best of them! Each level contains a hint button, allowing you to skip the hard parts of the level, if you know what you're doing! You can upload your scores to the Game Center and compare with your friends. Of course, there is a leaderboard so you can see who is the best robot-man of the world! There are over 15 different achievements you can unlock, and you can change the color of your robot to blue, green, red and purple, with over 30 post-production effects! you need to see it to understand it, You can play with your friends, keep in touch through Game Center, chat with the robot in the game, and see who will be the next champion! Best of all, this game is completely FREE! It's a perfect game to have fun and pass the time, or to challenge friends and family! We hope you'll enjoy it as much as we do and we will continue to improve and develop "Maxim of the Past"! This app requires iOS 8.0 or higher. Your robot will be supported in both iPhone and iPad. And we want to remind you that even if you get this app by chance, we can never guarantee that it will continue to be free in the future, so this really
